Live **Pest-Free** in 2017

Welcome to another new season with STV. And what a year it's been. Our export division has seen massive sales growth over the last 12 months.

By working closely with distributors and retailers, we have developed and strengthened our relationships overseas. We have delivered more direct containers this year than ever before, and STV packaging is on more retail shelves winning more sales. Our continuing investment in multi-lingual packaging is vital to this success. Currently over 50% of STV products feature 4 or more languages, and we're constantly developing this.

Between STV and our retail partners we have successfully generated tens of millions of pounds of profitable sales and provided many millions of pieces of essential home and garden products to meet our customers needs. We remain uniquely focussed on our core category and committed to ensuring that STV Live Pest-Free - our pledge to the customer - delivers great value for money and complete satisfaction to end-users.

Edwin Allingham

Bienvenidos a otra temporada con STV. Qué buen año hemos tenido. Nuestra sección de exportación ha conseguido aumentar enormemente las ventas en los últimos 12 meses.

Al trabajar estrechamente con nuestros distribuidores y minoristas podemos desarrollar y reforzar nuestras relaciones con otros países.

Este año hemos distribuido más contenedores directos que en años anteriores y los productos se encuentran en más expositores lo que supone mayor éxito comercial. Nuestra continua inversión en empaquetado multilingüe es primordial para este éxito. Actualmente más del 50% de los productos de STV están traducidos a 4 idiomas y trabajamos constantemente para expandirnos.

Entre STV y nuestros socios comerciales hemos conseguido generar decenas de millones de libras esterlinas en beneficios de ventas y hemos vendido millones de piezas esenciales para el hogar y el jardín y satisfacer así las necesidades de nuestros clientes. Seguimos centrados de manera única en nuestras categorías principales y seguimos comprometidos en asegurarnos que la campaña STV Viva sin Plagas - nuestra promesa para con los clientes - consiga la mejor relación calidad precio y la total satisfacción para los consumidores finales.

Willkommen zurück zu einer neuen Saison bei STV. Und was für ein Jahr wir hatten: Unsere Exportabteilung konnte über die letzten 12 Monate ein massives Umsatzwachstum verzeichnen.

Durch unsere enge Zusammenarbeit zwischen Distributoren und Einzelhandel konnten wir unsere Auslandsbeziehungen sowohl entwickeln als auch stärken. Nicht nur sorgten mehr STV Produkte auf mehr Verkaufsregalen für höheren Umsatz, sondern wir lieferten dieses Jahr auch mehr direkte Container aus als je zuvor. Anhaltende Investitionen in multilinguale Verpackungen tragen wesentlich zu diesem Erfolg bei. Gegenwärtig verfügen über 50% aller STV Produktverpackungen über vier oder mehr Sprachen und wir fördern diesen Trend ständig.

Unser Erfolg: STV und seine Einzelhandelspartner haben Umsatzzahlen von zig Millionen Pfund Sterling erzielt und dabei mit vielen Millionen essentieller Haus- und Gartenprodukte, den Bedürfnissen unserer Kunden entsprochen. Wir konzentrieren uns auch weiterhin speziell auf unsere Kernkategorie und setzen uns dafür ein, dass STV – Pestfrei Live, dem Endbenutzer nicht nur ein gutes Preis-Leistungsverhältnis, sondern auch volle Zufriedenheit liefert – unsere Zusicherung an den Kunden.

What's new for 2017

The great thing about pest control is that the pests don't just go away when times are hard. A season-long calendar of problems that come and go in a predictable way give our retail partners guaranteed sales opportunities. As we see it, our job is to help you turn opportunity into profit. So here's a round-up of what you can look forward to under each of our brands in 2017.

Lo interesante del control de plagas es que las plagas no se van ni cuando los tiempos son difíciles. Contamos con un calendario de los problemas de plagas típicos que aparecen en cada temporada y que proporciona a nuestros vendedores oportunidades de venta garantizadas. Tal y como lo vemos, nuestro trabajo es ayudarles a que obtengan beneficios a cada oportunidad. Así pues, les hacemos un repaso de lo se puede esperar de cada una de nuestras marcas en 2017.

Der enorme Vorteil an der Schädlingsbekämpfung besteht darin, dass Schädlinge in harten Zeiten nicht einfach verschwinden. Durch alle Jahreszeiten hindurch stehen immer wieder die alten vorhersehbaren Probleme auf dem Kalender, die bei unseren Einzelhandelspartnern für garantierte Verkaufschancen sorgen. Aus unserer Sicht besteht unsere Aufgabe darin, Ihnen dabei zu helfen diese Gelegenheit in Gewinn umzuwandeln. Hier finden Sie also eine Übersicht darüber, auf was Sie sich unter unseren einzelnen Marken für 2017 freuen können.

The Big Cheese

Rats and mice consistently top the pest control league table for both the household and professional markets and we reckon they account for roughly 40% of all pest control sales.

This season we are highlighting our **"Fresh n' Tasty"** ready-baited traps, which feature a food-based attractant that delivers increased catch rates of both mice and rats.

Tanto las ratas como los ratones son siempre los primeros de la lista de control de plagas en el mercado del hogar y en el profesional y estimamos que a esto se debe alrededor de un 40% de todas las ventas de control de plagas.

Esta temporada destacamos nuestro producto trampas con cebo preparado con comida **Fresh n' Tasty** y que supone una mejora en los niveles de captura tanto de ratones como de ratas.

Ratten und Mäuse stehen sowohl auf dem Haushalts- als auch auf dem professionellen Markt in der Rangliste der Schädlingsbekämpfung beständig an erster Stelle. Nach unseren Schätzungen machen sie damit rund 40% des gesamten Schädlingsbekämpfungsmarktes aus.

In dieser Saison stehen bei uns unsere **Fresh n' Tasty** Fallen mit gebrauchsfertigen Ködern im Vordergrund, die sich durch einen nahrungsbasierten Lockstoff auszeichnen, der erhöhte Fangraten sowohl für Mäuse als auch Ratten erzielt.

We've also developed a new **Snap Trap Alert** to help monitor when traps are discharged and avoid time wasted checking for a catch.

Snap Trap Alert is suitable for use wherever traps are set – especially in out-of-sight locations such as cupboards, lofts, sheds and garages.

También hemos presentado una nueva alarma para trampas **Snap Trap Alert** que indica cuando las trampas han saltado y evitar así emplear tiempo innecesario en mirar si han cazado algo.

Snap Trap Alert se puede activar colocar una trampa, especialmente en zonas que no están a la vista como armarios, buhardillas, casetas de jardín y garajes.

Zusätzlich haben wir ein neues Snap Trap Alert Warnsystem entwickelt, das dabei hilft zu kontrollieren, wann Fallen entleert wurden, um Zeitverschwendung durch mehrfaches Checken der Fallen auf einen Fang zu vermeiden.

Snap Trap Alert eignet sich für jeden Gebrauch, egal wo Fallen aufgestellt wurden – insbesondere in entlegenen Bereichen wie Schränken, Dachböden, Schuppen und Garagen.

Selfset

Selfset is enjoying resurgent demand-growth from country stores and agricultural outlets, as well as traditional hardware stores, and this year we have introduced traditional wooden traps into the range.

The introduction of entry-level wooden traps will build sales volumes under the brand providing opening price points for both mouse and rat control.

Selfset es un producto que ha experimentado un aumento en su demanda tanto en tiendas rurales y almacenes agrícolas como en las tradicionales ferreterías. Este año hemos presentado por primera vez trampas tradicionales de madera en esta gama.

La presentación de estas básicas trampas de madera permitirá que se aumente el volumen de ventas mediante las ofertas de lanzamiento de la marca de trampas tanto para el control de ratas como de ratones.

Selfset findet wieder zunehmende Nachfrage in Dorfläden und landwirtschaftlichen Verkaufsstellen, ebenso wie in traditionellen Eisenwarengeschäften. Dieses Jahr haben wir außerdem traditionelle Holzfallen ins Angebot aufgenommen. Die Einführung von Holzfallen als Einstiegsmodell schafft Absatzvolumen unter der Marke und liefert Preiseinstiegspunkte sowohl für Mäuse – als auch Rattenbekämpfung.

The Buzz

The Buzz outdoor insect control has proved a hit with garden retailers and we will build on the success of our Love Summer campaign in the months ahead.

The Buzz range is predominantly poison-free making it ideal for distribution within the export markets.

Este producto de control de insectos fuera de la casa ha resultado ser un éxito con los minoristas de jardinería y en los próximos meses vamos a seguir trabajando para continuar con el éxito de nuestra campaña Disfrute del Verano.

La gama de productos The Buzz está principalmente realizada sin ningún tipo de veneno, lo que la hace ideal para su distribución en el mercado de exportación.

The Buzz Outdoor-Insektenbekämpfung hat sich als Hit unter den Gartenfachmärkten entwickelt und wir bauen in den kommenden Monaten auf unserer erfolgreichen Love Summer-Kampagne auf.

Das Buzz Sortiment ist überwiegend giftfrei, wodurch es sich für den Vertrieb in Exportmärkte ideal eignet.

Zero In

Household pest control is one of the fastest growing areas in home and DIY markets.

We have re-launched our **Demi-Diamond Clothes Moth Killer**, now with an added life-time indicator and 50% longer life than competitor products.

El control de plagas en el hogar es una de las áreas de crecimiento más rápido en los mercados del hogar y del bricolaje.

Hemos relanzado nuestra gama de exterminador de polillas, **Demi-Diamond Clothes Moth Killer**, con un indicador de caducidad y con una duración del más de 50% que otros productos con los que compite.

Schädlingsbekämpfung im Haushalt ist einer der am schnellsten wachsenden Bereiche in Heim - und Baumärkten. Wir haben unseren **Demi-Diamond Clothes Moth Killer** wieder auf den Markt gebracht, jetzt auch mit zusätzlicher Lebenszeit-Anzeige und 50% längerer Lebensdauer als Konkurrenzprodukte.

Defenders

With a focus on mole, we anticipate strong demand for our new **Advanced Solar Mole Repeller** which protects large garden areas and is designed without wearing parts to ensure a long, trouble-free life in the garden.

Prevemos experimentar una gran demanda de nuestro repelente solar contra topos, **Advanced Solar Mole Repeller**, que protege amplias zonas del jardín y que está diseñado sin piezas que se desgastan para asegurar una larga vida del producto en el jardín.

Im Hinblick auf Maulwürfe erwarten wir eine starke Nachfrage nach unserem neuen **Advanced Solar Mole Repeller**, der sich für den Schutz großer Gartenflächen eignet und mit verschleissfreien Einzelteilen entwickelt wurde, um ein langes störungsfreies Leben im Garten zu gewährleisten.

Slugs Away is a further addition to the Defenders garden range, deterring slugs and snails from plant areas without posing a risk to wildlife, birds, or pets. It's the ultimate in pesticide-free slug control and it fertilises the soil too!

Slugs Away es una nueva incorporación a la gama de productos de jardín Defenders, que evita que las babosas y los caracoles se acerquen a zonas de plantas sin poner en riego la vida de la flora, pájaros o animales domésticos. Es el producto definitivo para el control de babosas sin utilizar pesticidas y ¡fertiliza la tierra al mismo tiempo!

Slugs Away ist ein weiterer Zusatz zu unserem Defenders Gartensortiment zur Abschreckung von Schnecken und Nacktschnecken aus dem Pflanzenbereich, ohne dabei wild lebende Tiere, Vögel oder Haustiere zu gefährden. Hier haben Sie die perfekte pestizidfreie Schneckenkontrolle, noch dazu düngt es den Boden!

Marketing support

Look out for our new floor-standing displays featuring our best-selling lines and video headers. The 10inch (25cm) screen plays our own useful promotional video guides, proven to increase sales.

Esté atento a nuestros demostraciones permanentes donde podrá encontrar los productos más vendidos y los titulares de vídeo. Un monitor 10 pulgadas presenta nuestras útiles vídeo-guías promocionales con el consiguiente aumento en ventas.

Halten Sie auch Ausschau nach den neuen Bodenaufstellern, die mit unseren meistverkauften Produktserien und Video-Überschriften ausgestattet sind. Der 25cm Bildschirm spielt unsere nützlichen Werbe-Video-Anleitungen, die sich als verkaufsfördernd erwiesen haben.

We have also introduced product talkers into our range of point-of-sale. Site these around store to guide customers to the selling fixtures.

También hemos introducido a presentadores de nuestras gamas de productos en distintos puntos de venta. Se pueden colocar por la tienda para informar a los clientes de las característica del producto.

Zusätzlich haben wir Produktsprecher in unser Sortiment von Verkaufsstellen eingeführt. Platzieren Sie diese so im Laden, dass der Kunde zu den festen Angeboten geführt wird.

Electronic invoicing

Behind the scenes we're constantly investing to upgrade our systems and facilities with the aim of shortening order-to-delivery times and making it easier for you, our customers, to deal with us.

Following universally positive feedback from our customers during recent trials, we will move to 100% paper-free invoicing from October 1st. This will help speed up order processing, save hundreds of trees every year, and it will help stop Catherine throwing paper planes across the office!

SELFSET RODENT CONTROL

Selfset: A Heritage Brand

Dating back to 1947, founders Richard Evans and Freddie Flint designed a trap that would question the traditional catch method of rodents and combat the unreliability of traps of the day. The design was based on their findings of rodent eating studies and uses a push trigger to activate.

Originally made of mild steel with a base of stove enamelled green, it required a zinc plating to give more resistance from rust. With higher quality materials at better cost becoming available during the 1950s, galvanization was the way forward.

Not only did they design the traps, but manufactured them too at Mr Flints British sheet metal works company, Falcon Tools (Hampton) Ltd. But they needed a brand. And so Selfset Ltd was created.

With marketing and improved production techniques, sales started to increase and often exceeded 75,000 per month, with many being exported to New Zealand and Australia.

During the 1960's, Mr Flint took full control of the company and it is still owned and run by the Flint family today.

Since being appointed the exclusive distributor for Selfset in 2012, STV has revamped trap packaging and introduced new rodent control products under the Selfset brand whilst maintaining supply to the traditional customer-base, which includes agricultural, hardware and garden retailers within the UK and export markets. In 2017 STV are introducing rodent baits to complement the existing bait stations, along with wooden mouse and rat traps.

Machinery and packaging may have been enhanced over the years, but the quality and heritage of the product still remains the same.

Did you know... The introduction of spikes on the base of the rat trap was a result of the Dustman's Strike in Glasgow where larger and so called super rats first appeared. These rats often escaped from the old trap but not the new spiked trap!

The Citronella Range

The Buzz puts the finishing touches to perfect summer evenings.

Citronella oil is one of the essential oils obtained from the leaves and stems of the different species of lemon-grass plant. It is a natural product, safe and non-toxic to humans and animals, and it is used to deter mosquitos and biting flies throughout the world.

Final words on dealing with STV...

Having worked with STV since 2008, Austrian based garden specialists Florissa have seen the benefits of what STV can bring as an export partner.

"The biggest benefit of working with STV, is that we can offer our customers a wide range of chemical-free pest control solutions.

We meet the STV Team regularly, to learn of new innovative products that meet the needs of our customers, and discuss our special requirements, in order to facilitate repeat business.

The products are easy and safe to handle, using vibrations and sonic waves to help repel pests. The Wind-Action Owl is just one particular favourite of ours – another organic solution that looks and sells very well.

Our customers are very satisfied with the STV products and are glad that they can combat their pests in an organic way."

Desde que empezó a trabajar con STV en el 2008, Florissa, especialista en jardinería con base en Austria, ha podido disfrutar de los beneficios que STV le puede aportar al ser socios de exportación.

"La mayor ventaja de trabajar con STV es que a nuestros clientes les podemos ofrecer una amplia gama de soluciones contra las plagas que están libres de productos químicos.

Nos reunimos a menudo con el equipo de STV para conocer los nuevos e innovadores productos que satisfacen las necesidades de nuestros clientes y discutimos sus requisitos especiales para que sigan comprando.

Los productos son seguros y fáciles de manejar y emplean vibraciones y ondas sonoras para repeler las plagas.

El Búho Accionado por el Viento es uno de nuestros productos preferidos - otra solución biológica de buen ver y que vende bien.

Nuestros clientes están muy satisfechos con los productos de STV, y les alegra poder combatir la plagas de un modo biológico."

Der österreichische Gartenspezialist Florissa berichtet über die Vorteile in der Zusammenarbeit mit STV als Exportpartner seit 2008.

"Der größte Vorteil in der Zusammenarbeit mit STV besteht darin, dass wir unseren Kunden ein breites Sortiment chemikalienfreier Schädlingsbekämpfungslösungen anbieten können.

Wir treffen das STV-Team regelmäßig, um neue innovative Produkte kennenzulernen, die den Bedürfnissen unserer Kunden entsprechen, sowie unsere speziellen Anforderungen zu besprechen, um Folgegeschäfte zu erleichtern.

Die Produkte sind sicher und leicht im Umgang, indem sie durch Vibration und Schallwellen dabei helfen Schädlinge zu vertreiben. Die Wind-Action Owl ist eine unserer besonderen Favoriten – eine weitere Bio-Lösung, die gut aussieht und sich gut verkauft.

Unsere Kunden sind sehr zufrieden mit STV-Produkten und freuen sich darüber, dass sie so ihre Schädlinge biologisch bekämpfen können."

Malta based distributor, VJ Salomone Consumer Lines Limited, have been enjoying a close-working relationship with STV for over 10 years.

"STV has enabled us to provide our clients and customers with a variety of superior solutions for dealing with indoor and outdoor pests which is complementary to our other brands. We are very pleased to have such a close and mutually beneficial relationship with STV, to the extent that we consider them strategic business partners.

We really like how STV is always looking for innovative solutions and take on board our feedback to meet our needs. This is evident in the new range of citronella products from The Buzz. The range is so stylish and attractive it's hard to believe that they are also problem-solvers.

On top of the help and support we receive from Tracey and the team the feedback we get from our customers is great. Clients love the efficacy of the Dual Action Ant Baits for solving their ant-problems – which is quite an issue in the Maltese summer."

Un distribuidor con base en Malta, VJ Slomone Consumer Lines Limited, lleva más de diez años disfrutando de una estrecha relación laboral con STV.

"Nuestra relación con STV nos ha permitido proporcionar a nuestros clientes una variedad de soluciones de primera clase en el tratamiento de plagas tanto de interior como de exterior y que son complementarias de nuestras propias marcas. Estamos encantados de tener una relación tan cercana y tan mutuamente beneficiosa con STV hasta el punto de considerarlos como socios empresariales estratégicos.

Nos gusta particularmente el modo en que STV constantemente busca soluciones innovadoras y tiene en cuenta nuestras necesidades y comentarios para satisfacer nuestras necesidades. Esto se puede apreciar, por ejemplo en la nueva gama de productos de citronela de The Buzz. Esta gama es tan atractiva y con tanto estilo que es difícil creer que también tenga su elemento práctico.

Además del la ayuda y el apoyo que recibimos de Tracey y del resto del equipo, los comentarios que recibimos de nuestros clientes son estupendos. A los clientes les encanta la eficacia de las trampas de doble acción anti hormigas Dual Action Ant Baits ya que las hormigas son un problema en los veranos de Malta"

Der in Malta ansässige Distributor VJ Salomone Consumer Lines Limited freut sich über die enge Zusammenarbeit mit STV seit über 10 Jahren.

"STV hat uns befähigt, unseren Klienten und Kunden eine Auswahl höchsteffektiver Lösungen zum Umgang mit Schädlingen in Räumen und im Freien zur Verfügung zu stellen, die unsere anderen Marken ergänzt. Wir sind hocherfreut, so eine enge und beiderseitig fruchtbare Beziehung zu STV zu haben. Das geht so weit, dass wir STV als strategische Geschäftspartner betrachten.

Es gefällt uns, dass STV ständig nach innovativen Lösungen sucht und unser Feedback zur Kenntnis nimmt, um unseren Bedürfnissen zu entsprechen. Dies kommt in der neuen Serie der Citronella Produkte von The Buzz zum Ausdruck. Die Serie ist so stilvoll und attraktiv – es ist kaum zu glauben, dass sie dabei auch noch Probleme löst.

Zusätzlich zu der Hilfe und Unterstützung, die wir von Tracey und dem Team erhalten, genießen wir gleichzeitig das ausgezeichnete Feedback unserer Kunden. Kunden lieben die Wirksamkeit der Dual Action Ant Baits zur Lösung ihrer Ameisenprobleme – ein ziemlich großes Problem im Malteser Sommer."

The buyer's attention is in particular drawn to the provisions of condition 10.4.

1. INTERPRETATION

1.1 The definitions and rules of interpretation in this condition apply in these conditions.
Buyer: the person, firm or company who purchases the Goods from the Company.
Company: STV International Limited whose registered office is at Forge House, Little Cressingham, Thetford, Norfolk, IP25 6ND.
Contract: any contract between the Company and the Buyer for the sale and purchase of the Goods, incorporating these conditions.
Delivery Point: the place where delivery of the Goods is to take place under condition 4.
Goods: any goods agreed in the Contract to be supplied to the Buyer by the Company (including any part or parts of them).

1.2 A reference to a particular law is a reference to it as it is in force for the time being taking account of any amendment, extension, application or re-enactment and includes any subordinate legislation for the time being in force made under it.

1.3 Words in the singular include the plural and in the plural include the singular.

1.4 A reference to one gender includes a reference to the other gender.

1.5 Condition headings do not affect the interpretation of these conditions.

2. APPLICATION OF TERMS

2.1 Subject to any variation under condition 2.3 the Contract shall be on these conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order, specification or other document).

2.2 No terms or conditions endorsed on, delivered with or contained in the Buyer's purchase order, confirmation of order, specification or other document shall form part of the Contract simply as a result of such document being referred to in the Contract.

2.3 These conditions apply to all the Company's sales and any variation to these conditions and any representations about the Goods shall have no effect unless expressly agreed in writing and signed by a Director or Financial Controller of the Company. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Company which is not set out in the Contract. Nothing in this condition shall exclude or limit the Company's liability for fraudulent misrepresentation.

2.4 Each order or acceptance of a quotation for Goods by the Buyer from the Company shall be deemed to be an offer by the Buyer to buy Goods subject to these conditions.

2.5 No order placed by the Buyer shall be deemed to be accepted by the Company until a written acknowledgement of order is issued by the Company or (if earlier) the Company delivers the Goods to the Buyer.

2.6 The Buyer shall ensure that the terms of its order and any applicable specification are complete and accurate.

2.7 Any quotation is given on the basis that no Contract shall come into existence until the Company despatches an acknowledgement of order to the Buyer. Any quotation is valid for a period of 30 days only from its date, provided that the Company has not previously withdrawn it.

3. DESCRIPTION

3.1 The quantity and description of the Goods shall be as set out in the Company's quotation or acknowledgement of order or sales invoice.

3.2 All samples, drawings, descriptive matter, specifications and advertising issued by the Company and any descriptions or illustrations contained in the Company's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Goods described in them. They shall not form part of the Contract and this is not a sale by sample.

4. DELIVERY

4.1 Unless otherwise agreed in writing by the Company, delivery of the Goods shall take place at the Buyer's place of business.

4.2 Any dates specified by the Company for delivery of the Goods are intended to be an estimate and time for delivery shall not be made of the essence by notice. If no dates are so specified, delivery shall be within a reasonable time.

4.3 Subject to the other provisions of these conditions the Company shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by the Company's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds 30 days.

4.4 If for any reason the Buyer fails to accept delivery of any of the Goods, or the Company is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations:

(a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by the Company's negligence);
(b) the Goods shall be deemed to have been delivered;
(c) the Company may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance); and
(d) the Company will invoice the goods and payment will be due on the normal due date.

4.5 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for unloading the Goods, from the carrier.

4.6 If the Company delivers to the Buyer a quantity of Goods of up to 10% more or less than the quantity accepted by the Company, the Buyer shall not be entitled to object to or reject the Goods or any of them by reason of the surplus or shortfall and shall pay for such goods at the pro rata Contract rate.

4.7 The Company may deliver the Goods by separate instalments. Each separate instalment shall be invoiced and paid for in accordance with the provisions of the Contract.

4.8 Each instalment shall be a separate Contract and no cancellation or termination of any one Contract relating to an instalment shall entitle the Buyer to repudiate or cancel any other Contract or instalment.

5. NON-DELIVERY

5.1 The quantity of any consignment of Goods as recorded by the Company on despatch from the Company's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide conclusive evidence proving the contrary.

5.2 The Company shall not be liable for any non-delivery of Goods (even if caused by the Company's negligence) unless the Buyer gives written notice to the Company of the non-delivery within 7 days of the date when the Goods would in the ordinary course of events have been received.

5.3 Any liability of the Company for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

6. RISK/TITLE

6.1 The Goods are at the risk of the Buyer from the time of delivery.

6.2 Ownership of the Goods shall not pass to the Buyer until the Company has received in full (in cash or cleared funds) all sums due to it in respect of:

(a) the Goods; and
(b) all other sums which are or which become due to the Company from the Buyer on any account.

6.3 Until ownership of the Goods has passed to the Buyer, the Buyer shall:

(a) hold the Goods on a fiduciary basis as the Company's bailee;
(b) store the Goods (at no cost to the Company) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as the Company's property;
(c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and
(d) maintain the Goods in satisfactory condition and keep them insured on the Company's behalf for their full price against all risks to the reasonable satisfaction of the Company. On request the Buyer shall produce the policy of insurance to the Company.

6.4 The Buyer may resell the Goods before ownership has passed to it solely on the following conditions:

(a) any sale shall be effected in the ordinary course of the Buyer's business at full market value; and
(b) any such sale shall be a sale of the Company's property on the Buyer's own behalf and the Buyer shall deal as principal when making such a sale.

6.5 The Buyer's right to possession of the Goods shall terminate immediately if:

(a) the Buyer has a bankruptcy order made against him or makes an arrangement or composition with his creditors, or otherwise takes the benefit of any statutory provision for the time being in force for the relief of insolvent debtors, or (being a body corporate) convenes a meeting of creditors (whether formal or informal), or enters into liquidation (whether voluntary or compulsory) except a solvent voluntary liquidation for the purpose only of reconstruction or amalgamation, or has a receiver and/or manager, administrator or administrative receiver appointed of its undertaking or any part thereof, or documents are filed with the court for the appointment of an administrator of the Buyer or notice of intention to appoint an administrator is given by the Buyer or its directors or by a qualifying floating charge holder (as defined in paragraph 14 of Schedule B1 to the Insolvency Act 1986), or a resolution is passed or a petition presented to any court for the winding-up of the Buyer or for the granting of an administration order in respect of the Buyer, or any proceedings are commenced relating to the insolvency or possible insolvency of the Buyer; or
(b) the Buyer suffers or allows any execution, whether legal or equitable, to be levied on his/its property or obtained against him/it, or fails to observe or perform any of his/its obligations under the Contract or any other contract between the Company and the Buyer, or is unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 or the Buyer ceases to trade; or
(c) the Buyer encumbers or in any way charges any of the Goods.

6.6 The Company shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from the Company.

6.7 The Buyer grants the Company, its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored in order to inspect them, or, where the Buyer's right to possession has terminated, to recover them.

6.8 Where the Company is unable to determine whether any Goods are the goods in respect of which the Buyer's right to possession has terminated, the Buyer shall be deemed to have sold all goods of the kind sold by the Company to the Buyer in the order in which they were invoiced to the Buyer.

6.9 On termination of the Contract, howsoever caused, the Company's (but not the Buyer's) rights contained in this condition 6 shall remain in effect.

7. PRICE

7.1 Unless otherwise agreed by the Company in writing, the price for the Goods shall be the price set out in the Company's price list published on the date of delivery or deemed delivery.

7.2 The price for the Goods shall be exclusive of any value added tax which the Buyer shall pay in addition, if applicable, when it is due to pay for the Goods.

7.3 The Company will make a charge for carriage, if the order value (excluding VAT) is less than £150.

8. PAYMENT

8.1 Subject to condition 8.7, payment of the price for the Goods is due in pounds sterling (unless a different currency has been agreed).

8.2 If the Buyer requests a credit account the Company will utilise the services of a third party credit reference agency to assess if the Company is willing to provide the Buyer with a credit account and the relevant credit limit.

8.3 If the Company does open a credit account for the buyer, any invoices will be due for payment 30 days after issue, unless the credit limit on the Buyer's account has been exceeded, in which case a payment to bring the balance down to the credit limit will be due immediately.

8.4 If the Company is unable to offer a credit account, then payment is due at the time of order and no goods will be despatched until such time as payment has been made.

8.5 Time for payment shall be of the essence.

8.6 No payment shall be deemed to have been received until the Company has received cleared funds.

8.7 All payments payable to the Company under the Contract shall become due immediately on its termination despite any other provision.

8.8 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by the Company to the Buyer.

8.9 If the Buyer fails to pay the Company any sum due pursuant to the Contract, the Buyer shall be liable to pay interest to the Company on such sum from the due date for payment at the annual rate of 4% above the base lending rate from time to time of LLOYDS TSB PLC accruing on a daily basis until payment is made, whether before or after any judgment.

9. QUALITY

9.1 Where the Company is not the manufacturer of the Goods, the Company shall endeavour to transfer to the Buyer the benefit of any warranty or guarantee given to the Company.

9.2 The Company warrants that (subject to the other provisions of these conditions) on delivery and for a minimum period of 6 months from the date of delivery, the Goods shall be of satisfactory quality within the meaning of the Sale of Goods Act 1979.

9.3 The Company shall not be liable for a breach of the warranty in condition 9.2 unless:

(a) the Buyer gives written notice of the defect to the Company, and, if the defect is as a result of damage in transit to the carrier, within 7 days of the time when the Buyer discovers or ought to have discovered the defect; and
(b) the Company is given a reasonable opportunity after receiving the notice of examining such Goods and the Buyer (if asked to do so by the Company) returns such Goods to the Company's place of business at the Company's cost for the examination to take place there.

9.4 The Company shall not be liable for a breach of the warranty in condition 9.2 if:

(a) the Buyer makes any further use of such Goods after giving such notice; or
(b) the defect arises because the Buyer failed to follow the Company's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or
(c) the Buyer alters or repairs such Goods without the written consent of the Company.

9.5 Subject to condition 9.3 and condition 9.4, if any of the Goods do not conform with the warranty in condition 9.2 the Company shall at its option repair or replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate provided that, if the Company so requests, the Buyer shall, at the Buyer's expense, return the Goods or the part of such Goods which is defective to the Company.

9.6 If the Company complies with condition 9.5 it shall have no further liability for a breach of the warranty in condition 9.2 in respect of such Goods.

9.7 Any Goods replaced shall belong to the Company and any repaired or replacement Goods shall be guaranteed on these terms for the unexpired portion of the warranty period.

10. LIMITATION OF LIABILITY

10.1 Subject to condition 4, condition 5 and condition 9, the following provisions set out the entire financial liability of the Company (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Buyer in respect of:

(a) any breach of these conditions;
(b) any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods; and
(c) any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.

10.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded from the Contract.

10.3 Nothing in these conditions excludes or limits the liability of the Company:

(a) for death or personal injury caused by the Company's negligence; or
(b) under section 2(3), Consumer Protection Act 1987; or
(c) for any matter which it would be illegal for the Company to exclude or attempt to exclude its liability; or
(d) for fraud or fraudulent misrepresentation.

10.4 Subject to condition 10.2 and condition 10.3:

(a) the Company's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Contract price.
(b) The Company shall not be liable to the Buyer for loss of profit, loss of business, or depletion of goodwill in each case whether direct, indirect or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

11. ASSIGNMENT

11.1 The Company may assign the Contract or any part of it to any person, firm or company.

11.2 The Buyer shall not be entitled to assign the Contract or any part of it without the prior written consent of the Company.

12. FORCE MAJEURE

The Company reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of the Company including, without limitation, acts of God, governmental actions, war or national emergency, acts of terrorism, protests, riot, civil commotion, fire, explosion, flood, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to either party's workforce), or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of 30 days, the Buyer shall be entitled to give notice in writing to the Company to terminate the Contract.

13. GENERAL

13.1 Each right or remedy of the Company under the Contract is without prejudice to any other right or remedy of the Company whether under the Contract or not.

13.2 If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect.

13.3 Failure or delay by the Company in enforcing or partially enforcing any provision of the Contract shall not be construed as a waiver of any of its rights under the Contract.

13.4 Any waiver by the Company of any breach of, or any default under, any provision of the Contract by the Buyer shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other terms of the Contract.

13.5 The parties to the Contract do not intend that any term of the Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.

13.6 The formation, existence, construction, performance, validity and all aspects of the Contract shall be governed by English law and the parties submit to the exclusive jurisdiction of the English courts.

14. COMMUNICATIONS

14.1 All communications between the parties about the Contract shall be in writing and delivered by hand or sent by pre-paid first class post or sent by fax:

(a) (in case of communications to the Company) to its registered office or such changed address as shall be notified to the Buyer by the Company; or
(b) (in the case of the communications to the Buyer) to the registered office of the addressee (if it is a company) or (in any other case) to any address of the Buyer set out in any document which forms part of the Contract or such other address as shall be notified to the Company by the Buyer.

14.2 Communications shall be deemed to have been received:

(a) if sent by pre-paid first class post, two days (excluding Saturdays, Sundays and bank and public holidays) after posting (exclusive of the day of posting); or
(b) if delivered by hand, on the day of delivery; or
(c) if sent by fax on a working day prior to 4.00 pm, at the time of transmission and otherwise on the next working day.

14.3 Communications addressed to the Company shall be marked for the attention of Sales Administrator.
